COMPUTER SCIENCE

BRIEF DESCRIPTION

My name is **Jeremiah Siranjofu Wachiye**. Born '99, May 29th. I am a talented, ambitious and hardworking individual, with broad skills and experience in problem solving.

Furthermore, I am adept at handling multiple tasks on a daily basis completely and at working well under pressure.

I believe in team work and the key strength is communication and building strong relationships with people in order to deliver the best deliver the best results.

I am committed to learning and self-development so that I can consistently achieve better results with self-taught skills in programming with Visual Basic, PHP and Ms Office Tools(Access,Excel,Word,PPT,DTP)

I am interested in web development (Back-end using (but not limited to): Node Js with Express, PHP, MySQL and mongodb).

Though I am always serious with my work, I do have a good sense of humour. I prefer taking a nap or having a little chat with friends as break from coding.
